FAQ

Q. Why can’t I submit a request to use my flex time?

A. *Flex time is not included in the leave reporting system, use of flex needs to be discussed with your supervisor and entered into your timesheet.*

Q. I want to take off a day and a half off, how do I submit that request?

A. *You need to submit a separate request for each of those days, for example, if you wanted to leave at noon on Monday and take all of Tuesday off, you would request off from 1 pm to 5 pm for Monday and then submit a separate request for 8 am to 5 pm on Tuesday.*

Q. I requested a day off and it was approved, my plans have changed and I will not be absent that day, what do I do?

A. *You will need to go into “My Processed Requests” and delete that request. Your supervisor will then be notified via email and it will be automatically removed from your timesheet.*

Q. When do I use professional development leave?

A. *Professional development leave can be used when you attend events such as trainings and conferences; this provides your supervisor a way to track the development events you have attended throughout the course of the year.*
