- Native American Studies
- Philosophy
- Spanish
- Art Education
- Art (Ceramics, Graphic Design, Painting, Photography, Sculpture)
- Music Education
- Music Performance
- Musical Arts
- Theatre (Acting, Design, Musical Theatre)
COURSE RECOMMENDATIONS FOR 
STUDENTS EXPLORING DEGREES IN 
HUMANITIES, FINE ARTS, & DESIGN

Reduce the time to graduation by only taking the courses necessary to complete a degree. Below are a few recommended courses for students exploring careers in the humanities, fine arts, or design. These are to be viewed as suggestions; other course options compatible with this track are listed on page 3.

Consult university advisors at the university you plan to attend for appropriate placement based on test scores, high school preparation & potential major.

- ENGL 101—Composition I
- ENGL 201—Composition II OR ENGL 283—Introduction to Creative Writing
- CMST 101—Fundamentals of Speech
- ARTH 100—Art Appreciation
- ENGL 210—Introduction to Literature
- MATH 114—College Algebra (or appropriate math course based on placement)
- BIOL 101/L—Biology Survey I & Lab
- BIOL 103/L—Biology Survey II & Lab

In most cases, it is best for high school students to exhaust the math curriculum at their high school before moving on to dual credit math courses.

Sciences courses should be completed in sequence. Often, students looking to major in science-based majors are better served by taking lab science courses face-to-face in an actual lab, so dual credit may not be the best option for some students.

These course recommendations fulfill the following general education requirements:

- Written Communication
- Oral Communication
- Social Sciences
- Arts & Humanities
- Mathematics
- Natural Sciences
COURSE OPTIONS FOR STUDENTS EXPLORING DEGREES IN HUMANITIES, FINE ARTS, & DESIGN

Reduce the time to graduation by only taking the courses necessary to complete a degree. Below is a list of possible courses to fulfill general education requirements for students exploring careers in the humanities, fine arts, or design.

Consult university advisors at the university you plan to attend for appropriate placement based on test scores, high school preparation & potential major.

**Goal #1: Written Communication (Students must take two courses, including ENGL 101)**
- ENGL 101—Composition I
- ENGL 201—Composition II
- ENGL 283—Introduction to Creative Writing

**Goal #2: Oral Communication**
- CMST 101—Fundamentals of Speech

**Goal #3 Social Sciences (Pick 2 courses from two different disciplines.)**
- CJUS 201—Introduction to Criminal Justice
- ECON 201—Principles of Microeconomics
- ECON 202—Principles of Macroeconomics
- HIST 151—United States History I
- HIST 152—United States History II
- POLS 100—American Government
- POLS 250—World Politics
- PSYC 101—General Psychology
- SOC 100—Introduction to Sociology
- SOC 150—Social Problems

**Goal #4: Arts & Humanities (Pick 2 courses from two different disciplines OR a sequence of two foreign language courses)**
- ART 111—Drawing I
- ART 121—Design I 2D
- ARTH 100—Art Appreciation
- ARTH 211—History of World Art I
- ARTH 212—History of World Art II
- ENGL 210—Introduction to Literature
- HIST 111—World Civilizations I
- HIST 112—World Civilizations II
- HIST 121—Western Civilizations I
- HIST 122—Western Civilizations II
- MCOM 151—Intro to Mass Communications
- PHIL 220—Introduction to Ethics
- REL 250—World Religions
- GFA 101—Introduction to Fine Arts
- MUS 100—Music Appreciation
- THEA 100—Introduction to Theatre
- THEA 201—Film Appreciation

**Languages**
- CHIN 101—Introductory Chinese I
- CHIN 102—Introductory Chinese II
- FREN 101—Introductory French I
- FREN 102—Introductory French II
- GER 101—Introductory German I
- GER 102—Introductory German II
- LAKL/AIS—Introductory Lakota I
- LAKL/AIS 102—Introductory Lakota II
- RUSS 101—Introductory Russian I
- RUSS 102—Introductory Russian II
- SPAN 101—Introductory Spanish I
- SPAN 102—Introductory Spanish II

Students should look at the B.A. program language requirements for their potential campus before enrolling in language courses. Students enrolling in a B.A. program would only need to take a series of two courses in one language. Students may also want to look into CLEP for foreign languages prior to enrolling in Dual Credit. Introductory level courses are listed above, but many languages are also available in the HSDC program at the intermediate level (201/202).

**Goal #5: Mathematics**
- MATH 114—College Algebra (or appropriate math course based on placement)

Consult university advisors for appropriate placement based on test scores, high school preparation, and potential major. In most cases, it is best for high school students to exhaust the math curriculum at their high school before moving on to Dual Credit math courses.

**Goal #6: Natural Sciences (Students will need at least 6 credits)**
- BIOL 101/L—Biology Survey I & Lab
- BIOL 103/L—Biology Survey II & Lab
- ESCI 101/L—Dynamic Earth & Lab
- ESCI 103/L—Earth and Life Through Time & Lab
- PHYS 111/L—Introduction to Physics I & Lab
- PHYS 113/L—Introduction to Physics II & Lab

Science courses should be completed in sequence. Often, students looking to major in science-based majors are better served by taking lab science courses face-to-face in an actual lab, so dual credit may not be the best option for some students.
