

ACADEMIC AFFAIRS COUNCIL

AGENDA ITEM: 3.A.1

DATE: July 26, 2010

SUBJECT: Program Modifications - DSU

Dakota State University has submitted a request adjust the admission standards for the Master of Science in Information Assurance and the Master of Science in Information Systems. (Attachment I) Exceptional DSU undergraduates who are majoring in computer information systems, computer science, or computer and network security will be able to apply for either of these master's degree programs at the end of their junior year. Undergraduates who are accepted into one of these graduate programs will complete 9 credits of graduate courses to meet undergraduate requirements, then will complete the remainder of the graduate requirements to earn a master's degree.

This request is on the July COPS agenda.

RECOMMENDED ACTION

Informational.
