The agreement results in the direct sharing of students between institutions and thus is consistent with the requirements set forth in section 4 of Board of Regents [Policy 5:5:4 Tuition and Fees](#). Students attending the partner institution on exchange agreements will pay the student semester fee/general activities/social fees required by the partner university. Inbound exchange students from either partner institution will pay tuition and fees to their home institution and will pay to the Regental campus all applicable special discipline fees, salary enhancement fees, incidental fees, the International Student Fee, and appropriate room and board fees. Students who enroll in a self-support course will pay all self-support tuition and delivery fees associated with the course. All living expenses shall be borne by the students of both institutions. In general, all other incidental costs are the responsibility of the participating students.

**EXCHANGE AGREEMENT
BETWEEN
ISTANBUL TECHNICAL UNIVERSITY
ISTANBUL, TURKEY
AND
SOUTH DAKOTA SCHOOL OF MINES AND TECHNOLOGY
RAPID CITY, SOUTH DAKOTA, USA**

The Istanbul Technical University, Istanbul, Turkey, (hereafter referred to as "ITU") and South Dakota School of Mines and Technology (hereafter referred to as "SDSM&T"), Rapid City, South Dakota, USA, recognizing the educational and cultural exchanges which can be achieved between our two institutions, enter into this agreement to facilitate the exchange of students and scholars.

1. Definitions

- i) For the purposes of this agreement "home" institution shall mean the institution at which a student intends to graduate, and "host" institution shall mean the institution which has agreed to accept the student from the home institution.
- ii) Semester or academic year shall normally refer to the period relevant to the host institution.
- iii) "Faculty" shall represent the appropriate academic entity at the respective institutions.

2. Purpose of the Agreement

- i) The general purpose of this agreement is to establish specific educational relations and cooperation between the two participating institutions in order to promote academic linkages and to enrich the understanding of the culture of the two countries concerned.
- ii) The purpose of exchanges between Faculty members is to promote collaborative research, other educational developments and to further mutual understanding.
- iii) The purpose of each student exchange is to enable students to enroll in subjects at the host institution for credit which will be applied towards their degree at their home institution.

3. Responsibilities of Participating Institutions and Students

- i) Each institution shall undertake all those measures as are seen as reasonable to give maximum effect to this exchange program.
- ii) Each institution agrees to accept and enroll exchange students as full-time, "non-degree" students for the duration of their exchange. Exchange students will be exempt from the host institution's tuition and course-related fees, with certain exceptions as specified in item number 6 of this document. SDSM&T students going to ITU pay tuition and fees to SDSM&T.
- iii) Each exchange student will be provided with the same academic resources and support services that are available to all students at the host institution.
- iv) It is the responsibility of each exchange student to obtain official approval from his or her home institution for subjects taken at the host institution.
- v) It is the responsibility of each exchange student to ensure that he or she obtains a copy of his or her official statement of results (transcript) covering the subjects taken during the period of exchange. In addition, each host institution will forward a copy of the statement of results to the home institution's

International Office. Exchange students will be responsible for paying any fees associated with having a transcript sent from the host institution to the home institution.

- vi) Exchange students will be subject to the rules and procedures as specified by the host institution for the academic period in which the student enrolls. The home institution will have responsibility for all matters concerning credit for subjects taken.

4. **Balancing the Exchange**

- i) It is the objective under this agreement that there will be parity in the number of students exchanged. For the purpose of computing this parity, the exchanges will be weighed as follows:
- ii) One short-term program (less than 4 weeks) = 0.25 units; one summer session (4 weeks or longer) = 0.5 units; one summer term (12 weeks) = 1.0 unit; one semester = 1.0 unit; one academic year = 2 units; a calendar year = 2.5; However, each institution should be prepared to consider a disparity in any given semester or year during the period of this agreement. Any and all imbalances shall be resolved by the end of the period of this agreement.
- iii) The period of study for an exchange will be for one or two semesters the longest, but the number is limited to one semester over parity in each semester for the duration of the agreement.
- iv) In principle, the exchange of students will occur on a one for one basis. This number may vary in any given year. Each institution will make every effort to keep the number of students participating balanced. The number of ITU students each year who are relieved of any payments of tuition and fees to SDSM&T is limited to one over parity. All other ITU students are welcome to study at SDSM&T, but will be required to pay full out-of-state tuition and fees. The selection of which students pay and which do not will be determined by ITU.

5. **Selection and Enrollment of Students**

It is expected that only highly motivated students of above-average academic quality will be selected to participate in an exchange program. The home institution will screen applications from its student body for exchange. Undergraduate and graduate students are eligible to participate if they:

- i) have completed at least one year of study at their home institution (University-specific programs, such as research, may have additional requirements);
- ii) are enrolled at their home and host institution for the full period of the exchange;
- iii) have an enrollment proposal, approved by their home Faculty and host institution, and are deemed academically qualified to successfully complete the selected subjects at the host institution. Each home institution will send completed applications for their students to the International Offices at the host institution at least twelve (12) weeks before the beginning of the entry semester but will try to adhere to the application deadlines provided by the host university. The host institution reserves the right of final approval on the admission of a student.
