

ACADEMIC AFFAIRS COUNCIL

**REVISED
AGENDA ITEM: 4 – E**

DATE: October 5, 2016

SUBJECT: Programs Approved for Online and Off-Campus Delivery

In [September 2015](#), AAC discussed updating a master list of programs approved by the Board of Regents for distance delivery (including online programs) and off-site locations, including, but not limited to, university centers in Sioux Falls, Pierre, and Rapid City. AAC previously discussed such efforts in [September 2011](#) as part of a list approved by the Board of Regents at their [December 2012](#) meeting. Board of Regents’ authority includes approval of academic programs, including delivery of online and off-campus programs, through [BOR Policy 2:12](#), [BOR Policy 1:7:10](#), and [BOR Policy 1:0](#) ([AAC Guideline 2.11](#) explains the process for requesting a new program delivery site). The initial rationale for compiling such a list included requirements for regional accreditation and U.S. Department of Education to award financial aid (see the [December 2012](#) Board item titled “Complying with the Program Integrity Rules – Approval for Delivery of Online Programs” for additional reference).

Since the September 2015 meeting, campus representatives and Board staff have worked to update the master list. The attached list represents the results of those efforts. The intent is to receive approval for the attached list by the Board of Regents at the December 2016 meeting; any requested changes to the list must be verified by November 14. Once the Board has approved the master list, Board staff will update the list at the conclusion of each Board of Regents meeting and publish the list to the AAC website. Additionally, all new program request forms have been updated to make requests to offer online or off-campus explicit.

Each institution should review the attached list a final time prior to Board approval. Highlighted items on the attached list are those in which questions have arisen about the approval status of the off-campus delivery; institutions should have provide verification of the off-campus approval for highlighted programs. Only those programs that appear on the list will be considered authorized by the Board as an online or off-campus program.

RECOMMENDED ACTION

Information and discussion.

SOUTH DAKOTA BOR

As of October 2016

APPROVED ONLINE AND OFF CAMPUS PROGRAM SITES
