

**ACADEMIC AFFAIRS COUNCIL**

**AGENDA ITEM: 5.J**

**DATE: April 3, 2013**

\*\*\*\*\*

**SUBJECT: Minors Awarded, FY 08- FY 12**

The Academic Affairs Council recently had a discussion of the Entrepreneurial Studies minor. As part of this process, questions were asked about the number of students who had completed this minor in the past few years. While the Council has considered graduates by major as well as the number completing certificate programs, no analysis of minors awarded has been completed in the past few years.

A request was submitted and Dr. Palmer generated the attached report listing the number of minors awarded from FY 08- FY 12. It is clear that many minors are well subscribed. Others have generated little interest and, in fact, a significant number of active minors, listed at the end of the reports, have not been awarded in the past five years.

As the campuses consider productivity issues, some of these offerings may be candidates for inactivation/termination.

\*\*\*\*\*

**RECOMMENDED ACTION**

Review on Campus and Inactivate/Terminate Undersubscribed Minors.
