

South Dakota Board of Regents Academics Approval Cycle Calendar

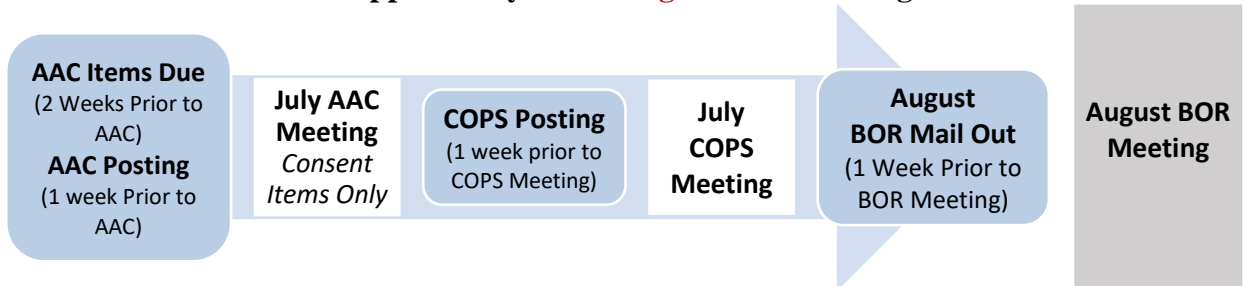

Note 1: The Executive Director of the South Dakota Board of Regents determines when items are ready for Board consideration. The Board receives action items with a recommended action of the Executive Director.

Note 2: New Graduate Program proposals may require additional BOR approval cycles due to the external review requirements of BOR Policy 2:1; institutions proposing new graduate programs should work with BOR office staff to plan accordingly.

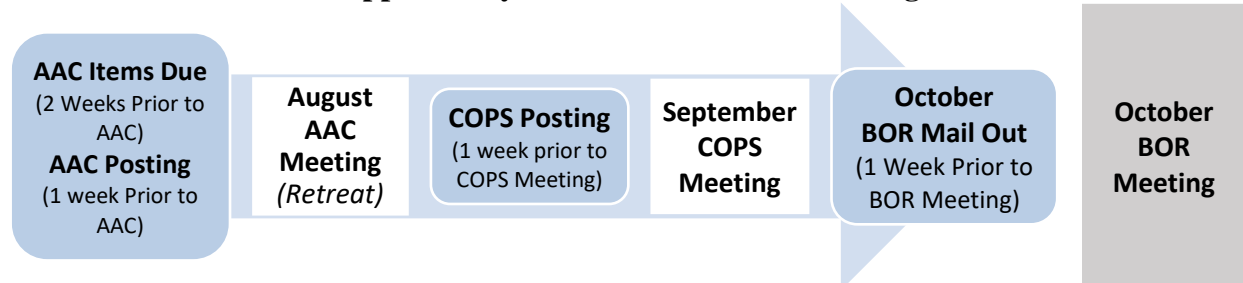

Note 3: The “AAC Items Due” date means final drafts of items are due from campuses. In the case of program approvals, this means the due date is the date for which the final, approved drafts must be completed, not the date for submission to the Board office.

Note 4: The BOR Mailout referred to here is the public mailout. Typically, five days prior to the public mailout, there will be an internal posting that includes Regents and Presidents.
