 Prefix & No. | Course Title                                      | Credits |
--------------|---------------------------------------------------|---------|
 CJUS 201     | Introduction to Criminal Justice                  | 3       |
 CJUS 351     | Criminology                                       | 3       |

Provide explanation of differences between proposed course and existing system catalog courses below:

CJUS 201 provides students with the foundational knowledge necessary to understand the operation of the criminal justice system. It is a three-credit course, and provides in depth study of the institutions of criminal justice and the criteria for deeming certain conduct criminal. CJUS 201 also meets the learning outcomes associated with SGR #3: Social Science.

CJUS 351 is three-credit course designed as an introductory study of criminological theory.

CJUS 101 is intended to integrate students into their local learning community, provide early opportunities for engagement with faculty and peers, and introduce students to the career and educational opportunities available to a Criminal Justice Major.

Section 3. Other Course Information

3.1. Are there instructional staffing impacts?

- No. Schedule Management, explain below: CJUS faculty will team teach this one credit course, each providing a total of four hours of instruction over the semester.
3.2. Existing program(s) in which course will be offered (i.e., any current or pending majors, minors, certificates, etc.): Elective credit within the Criminal Justice Studies major and Criminal Justice minor

3.3. Proposed instructional method by university (as defined by AAC Guideline 5.4):
If requesting an instructional method that is exempt from the Section Size Guidelines, please provide a brief description of how the course is appropriate for the instructional method, as defined in AAC Guidelines. D - Discussion/Recitation

3.4. Proposed delivery method by university (as defined by AAC Guideline 5.5):
U01 Face to face term based.
U15 Internet Asynchronous – Term Based Instruction
U18 Internet Synchronous

3.5. Term change will be effective: 202180 (Fall 2021)

3.6. Can students repeat the course for additional credit?

Registration Restrictions

Graduate standing in English program or instructor permission.

Section 2. Review of Course

2.1. Will this be a unique or common course (place an “X” in the appropriate box)?

☒ Unique Course

If the request is for a unique course, institutions must review the common course catalog in the system course database to determine if a comparable common course already exists. List the two closest course matches in the common course catalog and provide a brief narrative explaining why the proposed course differs from those listed. If a search of the common course catalog determines an existing common course exists, complete the Authority to Offer an Existing Course Form. Courses requested without an attempt to find comparable courses will not be reviewed.

-------------|--------------|---------|
ENGL 790     | Seminar      | 3       |
ENGL 792     | Topics       | 3       |

Provide explanation of differences between proposed course and existing system catalog courses below:

USD is the only BOR institution granting a PhD in English. All common 700-level courses in the system are non-content specific and thus not comparable to this course request.

Section 3. Other Course Information

3.1. Are there instructional staffing impacts?

☒ No. Schedule Management, explain below:

Course has been previously taught as ENGL 792 Topics; the new course will replace that rotation and be taught in-load by faculty.

3.2. Existing program(s) in which course will be offered (i.e., any current or pending majors, minors, certificates, etc.): Ph.D., English; MA, English
3.3. Proposed instructional method by university (as defined by AAC Guideline 5.4):

Provide explanation of differences between proposed course and existing system catalog courses below:

There are no comparable common course matches to this course in the Course Inventory Report. MUS 101 introduces students to the exploration of musical studies as well as USD campus resources and provides pathways to potential musical careers. ASC 100 is a general first year experience course. MUS 101 will focus on helping students learn strategies for academic success in the Music program by providing strategies for practice and performance, musician specific health and safety, and career assistance and planning with the music field. The MUS 119 course does not compare directly to the USD proposal for two reasons. The first is that USD does not share the same mission as SDSU. The description is specific to the land grant institution. In addition, the SDSU course is offered for two credits, while MUS 101 will
only be offered for one credit due to a different teaching plan and current number of credits within the degrees. NURS 119 is a discipline specific course for nursing that would not apply to music.

Section 3. Other Course Information

3.1. Are there instructional staffing impacts?

☒ No. Schedule Management, explain below:
Music faculty will be reassigned to cover courses. The addition of this course does not change any faculty members load. Applied lessons will also be shifted to balance faculty loads.

Provide explanation of differences between proposed course and existing system catalog courses below:

This proposed course is uniquely designed to meet the national requirements set by the Council on Accreditation of Nurse Anesthesia Educational Programs (COA). There are no other universities within the SD Board of Regents system currently providing courses that meet the specific objectives of COA for this Certified Registered Nurse Anesthetist program. No courses were found following an investigative search of the Banner/RIS system that meet these specific course requirements. The most similar courses listed are relevant to the Physician Assistant Studies profession or limited to Pillar IV SSOM medical students and not to CRNA students.

Course Description

This is the first of five (5) clinical residency courses. Applications of perianesthesia concepts are integrated throughout the clinical experience. Students develop the advanced nursing practice role in anesthesia, including preoperative evaluation of patients and anesthetizing areas prior to anesthesia administration; develop patient/procedure specific anesthesia management plans; and administer safe vigilant anesthesia care to patients with various comorbidities.

Registration Restrictions

Declared Doctor of Nurse Anesthesia Practice students only

Section 2. Review of Course

2.1. Will this be a unique or common course?

☒ Unique Course

If the request is for a unique course, institutions must review the common course catalog in the system course database to determine if a comparable common course already exists. List the two closest course matches in the common course catalog and provide a brief narrative explaining why the proposed course differs from those listed. If a search of the common course catalog determines an existing common course exists, complete the Authority to Offer an Existing Course Form. Courses requested without an attempt to find comparable courses will not be reviewed.

Course Description

Students use critical thinking skills and best practices in the synthesis and correlation of didactic information to the clinical practice of nurse anesthesia. Students develop, implement, and evaluate anesthesia management plans for all patient populations based on best evidence. Clinical experiences focus on anesthesia care of complex patients across the lifespan undergoing elective and emergency surgical and diagnostic procedures. Students provide culturally competent care of the patient throughout the perianesthesia continuum.

Subject: RE: [EXT] ECON 410 pre-requisite change

Thomas,

Thank you for reaching out. I met with my econ faculty and convinced them to go along with this change; only one really needed much convincing but he happens to be the one who teaches the course.

I am hoping to make a similar change and get ECON 201 removed from being a prerequisite for BADM 370 (marketing). Although the intro econ courses are helpful background, they often create an unnecessary barrier for non-business majors (ex. mass communication) wanting to take a business class as an elective.

Have a wonderful week,

Subject: [EXT] ECON 410 pre-requisite change

Hello Dr. Wehrung,

My economists would like to change the pre-requisites of ECON 410 – Economic Growth and Development from ECON 201 and ECON 202 to ECON 201 or ECON 202.

This change would affect your university’s curriculum because it is a common course.

Here it is in your catalog:
Course Descriptions - Black Hills State University - Acalog ACMS™ (bhsu.edu)

Do you object to the change?

SDSU Director of Performing Arts
Greetings Choral Colleagues

I hope this email finds you well and making the best of a very unusual school year. If you are anything like me, you are craving normalcy so you can get back to making music in a more traditional way. I wish you continued good luck.

I am writing today to request your support for changing the names of two current common course choral titles. In an effort to promote inclusivity, I would like to petition the BOR to change the name of the Women’s Chorus (MUEN 103/303/703) to “Treble Choir” and the Men’s Chorus (MUEN 102/302/702) to “Bass Choir.”

Would you please support this change? If everyone agrees, I will take care of all the paperwork.

Thank you for your consideration. Please continue to stay safe and healthy.

David

**Course Description**
An in-depth study of Spanish linguistics; may include advanced phonetics, syntax, aspects of the history of the Spanish language and the varieties of Spanish spoken throughout the world.

Section 2. Modification(s) Requested

2.1. This modification will include (place an “X” in the box for all that apply):

- ☒ Course Title change from **Linguistics** to **Hispanic Linguistics**

**Effective term of the change:** 202180 – Fall 2021

2.2. Add justification for all changes noted above:

Current title is overly vague and doesn’t specify that it is a study of Spanish language linguistics. The new title clarifies the course content. Approved by SDSU (see email below).

Subject: Retitle SPAN 443

Good Morning,
We’ve been looking at course titles and feel that SPAN 443 Linguistics is somewhat unclear. Are you OK if we rename it Hispanic Linguistics?
