Institutional Substantive Program Modification Requests

Institution: Dakota State University **Date:** 7/18/2017

Institutional representatives should provide direct links to PDF documents for each of the program modification requests represented below. All requests should be posted on the campus Curriculum and Instruction website one week prior to the Academic Affairs Council meeting where the program modification request is being considered.

<i>Program Title</i>		<i>Approval</i>
BS in Biology for Information Systems		PT

Program modifications referenced above for approval have been reviewed by the Academic Affairs Council and the System Vice President for Academic Affairs and may be advanced forward for entry in Colleague. For those program modifications listed above that did not receive approval, additional clarification or justification will be necessary and should be re-routed through the review process on a separate “Institutional Substantive Program Modification Requests” form once all issues have been resolved.

Paul Juma
Signature: System Vice President for Academic Affairs

4. Category (place an "X" in the appropriate box):

Certificate Specialization Minor Major

5. If a name change is proposed, the change will occur (place an "X" in the appropriate box):

- On the effective date for all students
- On the effective date for students new to the program (enrolled students will graduate from existing program)

Proposed new name: Biology

Reminder: Name changes may require updating related articulation agreements, site approvals, etc.

6. Primary Aspects of the Modification (add lines or adjust cell size as needed):

<i>Existing Curriculum</i>				<i>Proposed Curriculum (highlight changes)</i>			
Pref.	Num.	Title	Cr. Hrs.	Pref.	Num.	Title	Cr. Hrs.
No Change in course offerings							

7. Explanation of the Change:

We request changing the program name from Biology for Information Systems to Biology. The current name is unfamiliar to most people and often creates problems for our majors applying to graduate programs, professional schools and other jobs. The biology program includes strong support for the integration of computer technology as befits the mission of Dakota State University as the major has a required 15 credit science and technology component that is unique in the South Dakota Regental system.
