Institutional Substantive Program Modification Requests

Institution: University of South Dakota **Date:** 9/21/2021

Institutional representatives should provide direct links to PDF documents for each of the program modification requests represented below. All requests should be posted on the campus Curriculum and Instruction website one week prior to the Academic Affairs Council meeting where the program modification request is being considered.

Program Title	Approval
Business Administration, MBA	RH

Program modifications referenced above for approval have been reviewed by the Academic Affairs Council and the System Vice President for Academic Affairs and may be advanced forward for entry in the student information system. For those program modifications listed above that did not receive approval, additional clarification or justification will be necessary and should be re-routed through the review process on a separate “Institutional Substantive Program Modification Requests” form once all issues have been resolved.

7. Explanation of the Change:

The faculty reviewed the essential components of the foundational coursework that are needed to be successful in the program. Students without a conferred undergraduate degree in business will be required to take BADM 501 and BADM 502. Students who have completed an undergraduate degree in business and those in the joint BBA-MBA program will choose six credits of electives or thesis. Elective coursework can be used for required specialization coursework.
