Amount Requested
(\$5,000 limit per project):

Industry Categorization of Innovation:

IP Status of Innovation:

You must attach/include each of the following with your application:

Summary: Provide a brief description of the commercially viable innovation tied to the project and your plan to effectively utilize the entrepreneur in residence.

Background: List and briefly describe the objectives of the project. Briefly review the current status of the innovation related to the project and include any pertinent IP status (disclosure, ownership, licensing arrangement, etc.), results of scientific review(s) conducted, commercial interest, preliminary data and competition or barriers to market entry.

Work Plan: Clearly and succinctly describe the tasks to be done by the entrepreneur in residence and provide a timeline for completion of each task with milestones to determine success, if applicable.

Commercialization Plan: Outline your anticipated plan for partnering with the entrepreneur in residence to identify promising technologies, generate new start-up companies and ultimately grow South Dakota's economy through the commercialization of university based innovations. Clearly identify the projected impact on South Dakota's economy in terms of job creation, partnerships with existing SD firms, etc.

Biographical Sketch: One page bio of the entrepreneur in residence.

Budget: Detailed and itemized budget. The budget should articulate how the funds will be spent, and include a justification for such expenditures.

Completed application forms and required attachments should be submitted electronically to Nathan Lukkes at Nathan.Lukkes@sdbor.edu and Mel Ustad at Mel.Ustad@state.sd.us.
