Wednesday's Student Research Poster Session at Capitol Cancelled

PIERRE, S.D. – Due to a pending winter storm, the annual Student Research Poster Session scheduled for Wednesday (Feb. 29) in the State Capitol Rotunda has been cancelled.

The event, sponsored each year by the South Dakota Board of Regents and South Dakota's National Science Foundation-EPSCoR program, demonstrates outstanding research work of undergraduate students at South Dakota's public, private, and tribal colleges and universities.

Regents' officials said their first priority was to ensure the safety of students and advisers who would have had to travel to Pierre for the event. Information about the students' research work will be shared with lawmakers and other state officials in hard copy and online formats.
