

SOUTH DAKOTA BOARD OF REGENTS

Budget and Finance

AGENDA ITEM: 7 – B

DATE: October 4-6, 2016

SUBJECT: Capital Project List

The attached project list identifies the current capital improvement projects along with the regental building committee representative, estimated dollar amount, the source of funds for the project, and the current status of the project.

The review and approval of capital improvement projects involves several phases, and Board approval is required before a project may advance from one stage to another. Institutions may request exemption from this approval process for any maintenance and repair project after the preliminary facility statement. The review and approval steps involved include:

- 1) Submission of Preliminary Facility Statement for Board approval (proposal and justification).
- 2) Submission of work request for the Office of the State Engineer (OSE) and appointment of the Building Committee if an A/E firm is needed for development of the Facility Program Plan. OSE begins architect evaluation process and Building Committee interviews and selects architect.
- 3) Submission of Facility Program Plan (programmatic justification and detail, identification of financing fund source).
- 4) Legislative approval is required for all facilities outside of the auxiliary system and can be sought when funding is available or will be part of the Board's Ten year Plan.
- 5) Final Design Plan presented to Building Committee for initial approval prior to Board approval.
- 6) Final Design Plan submitted for Board approval.
- 7) Building Committee approves bid if within project approved limits and carries the project oversight from this point forward.
- 8) Board approves bid if there are substantive changes from Program Plan.

Once the bids are approved by the Building Committee or the Board and the financing plan is in place, the project proceeds to construction.

The list indicates if the projects were included in the 2005 or the 2012 Ten-Year Plans.

INFORMATIONAL ITEM

South Dakota Board of Regents Capital Improvement Projects - October 2016

Facility Name	Ten-Year Plan	Legislative Action / YR	Fund Type	Legislative / Approved Amount	Most Recent Board Action	Current Project Status	Projected Completion Date	Building Committee Rep.
