

ATTENTION

Monday, April 9, 2018

There is an error on Attachment I to BOR agenda 7-H – FY19 On-Campus Tuition and Mandatory Fees, approved during the March 2018 Board meeting. The correct version of the expansion of resident rates to non-resident students was approved in December by the Board. The Board approved Colorado and Montana tuition rates for new freshmen or first-time transfers for BHSU and SDSM&T at the resident rate. However, Colorado and Montana tuition rates for new freshmen or first-time transfers were incorrectly stated for DSU, SDSU, and USD and should not have been approved at the resident rate. The following is a summary of the correction that will be approved in May.

	Rates Approved in Error			Corrected Rates to Be Approved in May	
	Montana	Colorado		Montana	Colorado
DSU	\$243.30	\$243.30	DSU	\$342.40	\$342.40
SDSU	\$248.35	\$248.35	SDSU	\$360.50	\$360.50
USD	\$248.35	\$248.35	USD	\$360.50	\$360.50

This error will be officially corrected at the next regularly scheduled Board meeting, which will take place May 8-10, 2018. No reliance should be placed on the incorrect information contained in Board item 7-H – FY19 On-Campus Tuition and Mandatory Fees.

SOUTH DAKOTA BOARD OF REGENTS

Budget and Finance

**REVISED
AGENDA ITEM: 7 – H
DATE: March 27-29, 2018**

SUBJECT:

FY19 On-Campus Tuition and Mandatory Fees

CONTROLLING STATUTE, RULE, OR POLICY

[SDCL 13-53-6](#)

[BOR Policy 5:5:1 Tuition and Fees: On-Campus Tuition](#)

BACKGROUND/DISCUSSION

Mandatory tuition and fees include tuition, the general activity fee, and the laptop fee for DSU and SDSM&T. Program fees, room and board are not included in the calculation of the mandatory cost since they are not assessed to all students.

The FY19 proposal for tuition and mandatory fees attempts to keep the cost to students as low as possible in consideration of student access, service to students, and delivering the highest quality education possible to our students.

Cost Drivers

The Legislature adopted a 1.2% salary policy for all employees, including faculty, exempt, and CSA. Fortunately, the employer paid health care benefit cost will not increase for FY19. The current annual premium rate is \$8,470 for each benefit eligible employee. It is important to note that the state only provides funding for the general fund portion of the salary package. The federal and other funds are provided to the Regental system as authority. The actual cash for tuition, general activity fee, room, board, and all other fees must be raised internally to fund the salary package. This represents 52% of the cost to be funded with tuition and fee increases.

The Bureau of Finance and Management calculated the annual Consumer Price Index (CPI) for the last fiscal year at 1.8%. This inflationary increase will be applied to the operating expense base budgets for tuition and all the fees.

(Continued)

DRAFT MOTION: 20180327_7-H:

I move to approve the FY19 On-Campus Tuition and Mandatory Fees as presented in Attachment I.

On-Campus Tuition Rates

The six universities receive general fund appropriations that are used to support on-campus operations. All courses taught on campus are offered at the Board approved on-campus tuition rate except for remedial courses which are offered at the self-support rate. The special or reduced on-campus tuition rates are tied to the undergraduate and graduate base rates. A complete listing of on-campus tuition rates with the proposed increases for FY19 can be found in Attachment I.

USD Law School Tuition

The University of South Dakota Law School utilizes a semester-based tuition rate and a semester-based discipline fee. This tuition and fee structure simplifies the tuition and fee rates and encourages students to take more than the 90 credit hours required for graduation, thereby making it possible for the Law School to offer a broader curriculum that is more attractive to prospective students.

In keeping with BOR policy, the Law School tuition and fee costs should be comparable to regional law schools with a mission to attract students who want to practice law in their own state. South Dakota costs are 3.7% below the average of the regional law schools, excluding the University of Minnesota-Twin Cities in the mix. The recommended increase to the Law School cost is commensurate with the USD graduate increase at 3.6%.

University of Idaho	\$19,748
University of Iowa	\$26,457
University of Montana	\$12,537
University of Nebraska--Lincoln	\$12,807
University of North Dakota	\$10,712
University of South Dakota	\$15,563
University of Wyoming	<u>\$15,335</u>
Average	\$16,166

Sanford School of Medicine

Students attending the Sanford School of Medicine on the campus of the University of South Dakota pay the on-campus tuition rate set annually by the Board of Regents, plus the general activity fee for the first two years while in Vermillion.

The Board adopted the practice of comparing the Sanford School of Medicine, a community-based school, to other public community-based schools across the country for establishing annual cost. If the School of Medicine rates were below the community-based average, the tuition rate would increase by the amount below the average plus mandatory increases. If the Medical School were above the community-based average, it would increase by the graduate tuition rate increase.

The following table provides the comparable tuition and fee costs:

Michigan State University College of Medicine	\$45,207
University of South Carolina School of Medicine	\$42,204
Northeastern Ohio University College of Medicine and Pharmacy	\$40,281
Central Michigan University	\$40,120
City University of New York	\$39,512
Florida International University - Wertheim	\$38,003
University of Hawaii - Burns School of Medicine	\$37,444
Washington State - E.S. Floyd College of Medicine	\$35,857
Southern Illinois University School of Medicine	\$35,467
Wright State-Boonshoft School of Medicine	\$34,663
Eastern Virginia Medical School	\$34,103
East Tennessee State University - Quillen	\$33,689
<i>Average</i>	<i>\$31,880</i>
University of South Dakota - Sanford School of Medicine	\$31,864
Florida Atlantic University-Schmidt College of Medicine	\$31,750
University of North Dakota School of Medicine	\$31,433
University of Central Florida College of Medicine	\$29,680
University of Nevada School of Medicine - Reno	\$29,370
Florida State University College of Medicine	\$26,312
Marshall University - Edwards School of Medicine	\$22,154
University of Texas-Austin - Dell Medical School	\$19,871
University of Texas Rio Grande Valley	\$18,298
Texas Tech University School of Medicine	\$18,094
Texas Tech University School of Medicine-Foster	\$17,856

The FY19 annual tuition plus mandatory fees for the School of Medicine is less than one percent below the community-based average. The increase equivalent to the graduate tuition increase for USD will be applied to the School of Medicine annual tuition rate.

Minnesota Reciprocity Rates

Minnesota Reciprocity rates will not change until the fall 2018 semester when the FY19 rates will have been negotiated with the Minnesota Higher Education Service Office.

SDSU Tuition Increase

SDSU requests a tuition increase of \$5 per credit hour for all on-campus credits, which will yield approximately \$1,125,000 for the university proper budget. The recruitment of high quality faculty is vital to supporting the teaching and research mission of SDSU. The proposed resources, in combination with departmental resources, would offer attractive start-up and retention packages for tenure-track faculty, which support new faculty and improve the university's ability to recruit.

Additional graduate assistant (GA) positions will help to support both the teaching and research mission of the university. GA's will assist in increasing research with priority given to faculty members needing release time to develop large competitive grant proposals and as part of start-up offers to new faculty. Additional graduate teaching assistant (GTA) positions will assist in teaching, which frees up faculty time and GRA positions will assist in the research. These students will receive the benefit of a tuition waiver, which will help to support their own education.

SDSU would also use the proposed resources for the addition of professional advisors in key programs. Work associated with undergraduate advising is not evenly distributed throughout the year. It tends to be concentrated during two or three week periods in the fall and spring. This pattern of "spike" workload is especially disruptive to research programs, which require blocks of uninterrupted time. Professional advisors will not only improve the student experience, but will also allow faculty to remain focused on research.

The approval of this proposal would allow SDSU to stay competitive among higher education institutions. The support of faculty in recruitment and throughout their careers, would greatly enhance the important mission of teaching and research. These investments will allow SDSU to maintain their high standard of excellence.

USD Tuition Increase

USD is requesting a tuition increase of \$5 per credit hour for all on-campus credit hours. This would result in additional net revenue of approximately \$550,000. USD recruits faculty in a nationally, sometimes internationally, competitive salary market. Additionally, competitive start-up packages (such as lab renovations and equipment) is an essential tool for recruiting new faculty. USD has historically been able to rely on salary savings resulting from turnover to fund start-up packages; however, that is no longer possible. USD requests the increase to begin to address the salaries and start-up packages in disciplines that are most significantly behind market.

USD Indian University of North America

USD is requesting that any student that completes the summer program offered at the Indian University of North America in Custer will get in-state tuition rates. This will only impact a handful of students, but USD would like to build some incentives into the completion of the program and grow the number of students that matriculate to a bachelor's program.

Mandatory Fees

Each student pays the campus' general activity fee (GAF) per credit hour and students at DSU and SDSM&T pay the mandatory laptop fee each semester. These are the fees included when determining the average mandatory cost increase for students.

General Activity Fee (GAF)

The GAF supports student functions related to the co-curricular activities and operations of the student union buildings, including student organizations, cultural events,

homecoming, student government, student newspapers, athletics, intramural activities, fine arts, and debt on student unions. Per Board policy, committees composed of a majority of student representatives are to recommend changes in the GAF to the presidents.

Comparable GAF Rates

Some of the universities have financed debt related to food service operations by including a facility fee on food service rates. In order to make an apple-to-apple comparison on student support related to student services and student unions, the facility fee needs to be included in the calculation. In the chart below, the projected facility revenue for BHSU, SDSM&T, SDSU, and USD was divided by the number of projected credit hours for each institution. The quotient was then added to the FY19 proposed GAF so the numbers are comparable.

Comparable GAF Rate Review

	FY19 Proposed Rate	Additional Increase Requested	Facility Fee Converted to Per Cr Hr Rate	Comparable FY19 Rate
BHSU	\$36.90	\$0.00	\$5.90	\$42.15
DSU	\$39.70	\$0.00		\$39.70
NSU	\$36.95	\$1.00		\$37.95
SDSM&T	\$48.45	\$0.00	\$1.25	\$49.70
SDSU	\$43.75	\$1.30	\$4.65	\$49.70
USD	\$53.65	\$0.00	\$2.40	\$56.05

NSU GAF

NSU is requesting a \$3.00 increase and the Executive Director is recommending a \$1.00 GAF increase above inflation for FY19. Last year NSU received a \$6.00 above inflation increase on their GAF. Enrollment declines have depleted the funding needed to support the increased costs of programming for student organizations and departments responsible for cultural, social, educational, recreational, athletic, and fine arts programs.

The NSU Student Budget and Appropriations Committee (SBAC) receives more than 30 requests for funding during the annual budget request presentations each spring. Budget presentations include detailed information about how the GAF allocation will be used, how many students are served and if the organization is involved in any fundraising activities. The members of SBAC are very diligent in working through their budget process to appropriately allocate the GAF funds.

Over the past few years, funding for several organizations has been reduced and in some cases eliminated entirely. Providing opportunities for students to do things like attend conferences and present papers, participate in competitions, attend social activities on campus and participate in intramural activities are important aspects of student life. A vibrant campus life can improve student engagement, resulting in a better all-around educational experience. Students who have the ability to participate in a variety of cultural, social, recreational and educational activities can become more motivated to attend class,

complete assignments and participate in group activities all of which can lead to a successful college career.

Throughout the fall of 2017, members of SBAC met with leaders of student clubs and organizations who receive GAF funding to measure the level of interest in requesting an increase in GAF beyond CPI. The results of those meetings indicated that students were in favor of pursuing this increase.

In January of 2018, student senators scheduled activities to educate the student body about the potential fee increase. Information sessions were held and coaches talked to student-athletes, encouraging them to vote on the proposal. On January 23, an informational video was posted on SBAC’s Facebook page and the link to the video was emailed to all students. The video received 13 likes, 6 shares, 4 comments and over 1,000 views. Student leaders also shared a Power Point presentation at their information and tabling sessions showing a six year history of GAF funding allocations and the trend line for total GAF revenue. Funding for groups such as the speech and debate team and the NSU Honors Program along with creating a student travel fund making it possible for students to attend conferences are priorities for revenue generated as a result of this fee increase. A portion of the funds would also be used to finance a campus activities app to help keep students informed about campus events and activities.

Voting took place January 30 through February 1. Student senators made a computer available in the Student Union to make voting easily accessible to students. All also students received an email with the voting link. The proposed fee increase passed with 150 students voting in favor of the increase and 75 students casting votes in opposition to the increase.

FY18 Rate	Inflation	Above Inflation	Proposed FY19 Rate	% Increase
\$36.30	\$0.65	\$1.00	\$37.95	4.5%
Projected Credit Hours or Student Base			37,000	
Projected Revenue for Inflation			\$24,050.00	
Projected Revenue Above Inflation			\$37,000.00	
Total Projected Revenue for FY19			\$1,418,670.00	
Cost Increase Per Student per Credit Hour			\$1.65	
Cost Increase Per Student per Semester			\$24.75	

SDSU GAF

At the March 2017 meeting, the Board supported SDSU’s proposal to phase out the bond and utility component of their food service rates over a four-year period and implement a GAF component that will increase over the same time period. The purpose of the change is to distribute the bond and utility fee burden evenly over more students through the GAF. This is the fairest approach to students that have already paid the full bond and utility fee as sophomores and juniors.

FY19 On-Campus Tuition and Mandatory Fees

March 27-29, 2018

Page 7 of 7

	<u>FY18</u>	<u>FY19</u>	<u>FY20</u>	<u>FY21</u>
Bond and Utility Fee Rate	\$143.30	\$102.65	\$61.95	\$0.00
GAF Rate	\$1.95	\$3.25	\$4.55	\$6.55
GAF Increase	\$1.95	\$1.30	\$1.30	\$2.00

FY19 is the second year of the four-year plan. The plan is revenue neutral for SDSU.

Computer Lease Fees

DSU launched its mobile computing initiative at the start of the FY05 fall semester AND request no increase for FY19. SDSM&T launched its mobile computing initiative starting with the freshmen class in FY07. The per-semester fee is used to cover the cost to lease laptop/tablet PC's for full-time, on-campus students. The cost of the mobile computing programs at DSU and SDSM&T are part of the mandatory costs paid by students.

IMPACT AND RECOMMENDATIONS

The recommended FY19 tuition and mandatory fee increases provide necessary funding to cover the salary policy and inflation on the operating budgets. Additional discretionary funds are provided to both SDSU and USD to address higher costs driven by their research missions and the related opportunities provided to students. NSU's increase reflects the recommended \$1.00 above inflation on the GAF. The impact to students within the system will range from \$129.00 to \$286.50 more per year, and will be an average cost increase of \$251.82 per year or 2.9%.

Proposed FY19 Resident Undergraduate Mandatory Tuition and Fee Increase

	<u>FY18 Cost</u>	<u>FY19 Cost</u>	<u>\$ Increase</u>	<u>% Increase</u>

SDSM&T		\$409.50	\$7.50	1.8%	\$417.00

- Notes:** All rates are effective at the end of the 2018 spring term.
SD National Guard members may be eligible for a benefit of 50% of the in-state resident tuition after federal tuition benefits are applied, but the benefits in total may not exceed 100% of the tuition cost. The graduate benefit is limited to 32 credit hours
- (1) The mandatory fees are added to the on-campus tuition cost for a total cost per credit hour. Special discipline fees may also apply to certain courses and are in addition to on-campus tuition and mandatory fees.
 - (2) States participating in the Western Undergraduate Exchange program: Alaska, Arizona, California, Colorado, Hawaii, Idaho, Montana, Nevada, New Mexico, North Dakota, Oregon, Utah, Washington, and Wyoming. The SDSM&T rate is available only to new freshman and first-time transfers starting the summer of 2016.
 - (3) The BHSU rate is available only to new Wyoming freshmen and first-time transfers starting the summer of 2013.
 - (4) Starting summer 2015, participation in the program is limited to new freshmen or first-time transfers attending the same university from which one of their parents or legal guardian received a degree. Eligibility criteria apply and differ between institutions.
 - (5) Tuition rate for new Iowa freshmen and first-time transfers attending DSU, NSU, SDSU & USD starting summer of 2016.
 - (6) Tuition rate for Nebraska, Montana, and Colorado freshmen and first-time transfers starting summer of 2018.
 - (7) This rate applies to students from WICHE states enrolled in the SDSM&T: M.S. and Ph.D. degrees in Materials and Engineering and Science, Paleontology and Atmospheric Sciences or Computational Sciences and Robotics; BHSU: Integrative Genomics; DSU: M.S. Health Informatics; SDSU: M.S. Chemistry - Chemistry Education Specialization and M.S. in Athletic Training.
 - (8) These rates are the total per credit hour cost. No additional fees will be assessed.
 - (9) Tuition for Colorado freshmen and first-time transfers meeting high-achieving criteria established by SDSM&T starting summer of 2018.
