SUBJECT

Articulation Agreements – SDSU

CONTROLLING STATUTE, RULE, OR POLICY

[BOR Policy 2:27](#) – Program to Program Articulation Agreements

BACKGROUND / DISCUSSION

BOR Policy 2:27 Program to Program Articulation Agreements establishes requirements for institutions seeking to develop program level agreements for interested transfer students. The policy further establishes the distinction between AA, AS, and AAS degrees which are classified as transferable, terminal, or non-transferable degrees (respectively). However, the AAS is “transferable when a specific degree articulation agreement exists between a given A.A.S. degree and a specific Baccalaureate degree.” Agreements established with regionally accredited institutions must be developed in conjunction with the faculty, following all institutional guidelines and are monitored as a function of the institutional program review process. Once approved, the agreements apply only at Regental institutions with equivalent programs.

IMPACT AND RECOMMENDATION

To comply with BOR Policy 2:27, South Dakota State University requests approval for the following articulation agreements:

- Students who have completed coursework in the Associate of Applied Sciences degree in Wind Turbine Technology at Mitchell Technical Institute (MTI) can apply credit toward the Bachelor of Science degree in Operations Management at SDSU.
- Students who have completed coursework in the Associate of Applied Sciences degree in Accounting at Western Dakota Technical Institute (WDT) can apply credit toward the Bachelor of Science or Bachelor of Arts degree in Business Economics at SDSU.
