

SOUTH DAKOTA BOARD OF REGENTS

Planning and Resource Development

AGENDA ITEM: 8 – E

DATE: June 28-30, 2016

SUBJECT: Interim Actions of the Executive Director

**Capital Asset Purchase
Black Hills State University**

Network & Computer Services: This capital asset investment of \$311,832.34 will replace the existing, unreliable, aged, and failing storage hardware, server hardware, and virtualization backup software located at Black Hills State University – Spearfish. The existing equipment no longer has the storage capacity, processing power, integrity, and availability requirements to provide a confident sustained service to our students, faculty, staff, and guests. Additionally, this solution has been designed to provide valued redundancy, fallover and backup technologies between the Spearfish campus and BHSU – Rapid City in the event of a disaster occurring local to either campus.

**Maintenance & Repair Projects
South Dakota State University**

Davis Dairy Plant: The design and construction to extend steam, condensate, glycol, air and power to new equipment in room 138 of the Davis Dairy Plant was made possible due to a \$100,000 donation by Land O’ Lakes.
