Capital Asset Purchases Greater than \$250,000

South Dakota School of Mines & Technology

Rapid Triaxial Rock Testing System: This equipment is estimated to cost \$315,315 and will be used for testing Pierre shale as part of the Shale Research Initiative and the broader Energy Research Initiative at SDSM&T. The rock testing system will replace a 1960's vintage testing system that is currently used for rock mechanics research and instruction. Parts for this old equipment are very hard to find and repairs are time consuming and challenging. Funding for this purchase will be \$50,000 in Shale Research Initiative funds, \$75,000 in BOR Research & Development Grant funds, and \$190,315 from Newmont Surface Mining COE Foundation funds.

South Dakota School for the Deaf

Mobile Hearing Assessment Lab F650 Cab & Chassis: This vehicle's estimated cost is \$258,415 and will be used as part of the South Dakota School for the Deaf Outreach Program. The mobile lab will be used for hearing assessments and screenings to children from birth to 21 years of age. Funding for this purchase will come from gifts earmarked for SDSD.

HEFF Maintenance & Repair Projects

Black Hills State University

Meier Hall: This project involves conducting an investigation of water penetration along an exterior wall at an estimated cost of \$100,000. The original building architect will conduct a preliminary investigation and present a remediation document at no charge. The architect will also repair the necessary design to remove and replace the questionable exterior wall area. The project will include construction to complete repairs to the building envelope and interior. Funding for this project will come from residual FY14 HEFF project funds.

South Dakota State University

Wenona Hall Classroom Upgrades: Classroom upgrades in SWE 208 are needed at an estimated cost of \$71,675. The upgrades include replacement of flooring, whiteboards, and furnishings along with repainting and lighting upgrades. The design will be completed by Facilities and Services Engineering. The construction will be completed by Facilities and Services Personnel. SDSU Instructional Technology will upgrade the classroom technology needs. Furnishings will be procured through existing State of South Dakota contracts. Funding for this project will include FY15 residual HEFF project funds of \$51,000, \$11,175 in Student Fees, and \$9,500 from Student Tech Fees.
