## **REPORT AND ACTIONS OF THE EXECUTIVE DIRECTOR**

Dr. Warner referenced the Interim Actions taken by the Executive Director on behalf of the Board of Regents. A copy of the Interim Actions of the Executive Director can be found on pages \_\_\_ to \_\_\_ of the official minutes.

Dr. Warner said everyone was pleased with the presidential search process at Dakota State University, resulting in the appointment of Dr. José-Marie Griffiths. He also extended congratulations to Dr. Marysz Rames, interim DSU president, who was recently appointed as the new president at Wayne State College in Nebraska. He further announced that Claudean Hluchy, budget manager for BOR, will be leaving the BOR staff to become chief business officer for the South Dakota School for the Blind & Visually Impaired and the South Dakota School for the Deaf. Finally, he offered congratulations to the board's executive assistant, Molly Weisgram, and her spouse, Chris Maxwell, on the birth of their son, Isaac.

## **FY17 INFORMAL BUDGET HEARINGS**

Budget Manager Claudean Hluchy said internal budget hearings are being held between BOR and campus staff. These meetings help staff recognize similarities in requests that can be formulated into system requests and get a deeper understanding of individual campus needs.

BOR budget hearings historically have been held in conjunction with the June Board meeting. Last year's format was an individual presentation from each president and superintendent and the executive director, discussing highest priorities and key budget issues. The campuses would be instructed to provide documentation of their priorities and to present their top five priorities during their presentation. The current plan is to have these budget hearings June 11. Final budget adoption will occur at the August Board meeting.

Regent Jewett said the Board has not spent much time on fee requests in the past. He suggested a list be prepared by staff of all fee requests made by the campuses as part of the budget hearing process. Ms. Hluchy said she would have preliminary fee requests by July 20. Regent Baloun suggested campuses rank their top three priorities for one-time funding requests. Ms. Hluchy said she planned to request from the campuses their top priorities for base funding, one-time funding, and capital expenditures.

A copy of the FY 17 Informal Budget Hearings can be found on pages \_\_\_ to \_\_\_ of the official minutes.

## **GRADUATION LISTS**

Dr. Paul Turman, vice president for academic affairs, explained the Board of Regents [Policy 2:17 - Awarding of Degrees, Graduation Dates, and Catalog of Graduation](#) specifies that the Board "approves the awarding of academic degrees after receiving the university president's recommendation on behalf of the university," following each academic term. Once submitted on behalf of the institution, the President certifies that all candidates have successfully completed degree or program requirements as approved by the Board, and that no degree requirements were

waived for any individual student. Black Hills State University, Dakota State University, Northern State University, South Dakota School of Mines and Technology, South Dakota State University, the University of South Dakota, and South Dakota School for the Blind and Visually Impaired request approval of their graduation lists for Spring 2015.

Dr. Turman said this is a unique program involving two sets of NSA training modules. It will involve about 50 students a year. The NSA sought approval now so that it could begin to promote the DSU program with its employees and get students enrolled as early as this summer.

IT WAS MOVED by Regent Sutton, seconded by Regent Schartz, to approve the articulation agreement between DSU and NSA. All members voted AYE. The MOTION CARRIED.

A copy of the Articulation Agreement – DSU & NSA can be found on pages \_\_\_ to \_\_\_ of the official minutes.

### **AGREEMENT AND MOUS ON ACADEMIC COOPERTION**

Dr. Turman explained Black Hills State University, Northern State University, and the University of South Dakota seek approval to enter into a series of cooperative agreements with international universities and/or organizations that assist in facilitating student exchange opportunities. For those agreements that result in the direct sharing of students between institutions the agreements are consistent with the requirements set forth in section 4 of Board of Regents [Policy 5:5:4 Tuition and Fees](#). Under such an agreement the outbound exchange students from the Regental institution studying at the partner institutions will pay tuition as well as the University Support Fee and the General Activity Fee for each credit enrolled. Students attending the partner institution on exchange agreements will pay the student semester fee/general activities/social fees required by the partner university. Inbound exchange students from either partner institution will pay tuition and fees to their home institution and will pay to the Regental campus all applicable special discipline fees, salary enhancement fees, incidental fees, the International Student Fee, and appropriate room and board fees. ### **NAMING REQUEST – DAKOTA STATE UNIVERSITY**

Pursuant to section 2(H) of Board of Regents [Policy 1:6 Appointment, Authority, and Responsibilities of Presidents and Superintendents](#), Dakota State University is requesting authorization to split the College of Business and Information Systems into two separate colleges (see Attachment I). Under the new organizational framework for the institution, the new College of Computing would be created and will house Computer Science and Game Design along with Cyber Operations/Network Security. The College of Business and Information Systems will be retained and include Business, Information Systems, and Health and Information Management under its organizational authority.

Prior to advancing this request, DSU engaged an institutional taskforce charged with conducting a review of peer and equivalent sized institutions around the country/region. Through a process of in-depth interviews with external campus administration, and a thorough review of the financial implications for the institution, the task force members supported the transition to the proposed model. Institutional representatives have developed a comprehensive implementation plan for making the necessary transition across the two new organizational units prior to the term of the new DSU President, allowing incoming leadership to facilitate the search for the two new deans who will be charged with managing the two new divisions.

Regent Baloun questioned why this change was being implemented now, prior to the arrival of the new DSU president. He suggested that the new president should be involved. Regent Schaefer said it was his opinion that the organizational changes needed to proceed. He said this has been a committee-led effort over the past two years. Dr. Warner said faculty and deans were all involved in this decision, which puts DSU in a good position to move forward.

Regent Schieffer asked if there were any budget impacts. Interim President Rames (by phone) said the budget implications were all covered by fees and realignment of some open positions.

IT WAS MOVED by Regent Baloun, seconded by Regent Bastian, to approve reorganizing the DSU College of Business and Information Systems into the College of Computing and the College of Business and Information Systems, subject to incoming President Griffiths' concurrence. All members voted AYE. The MOTION CARRIED.

A copy of the Naming Request – Dakota State University can be found on pages \_\_\_ to \_\_\_ of the official minutes.

This rate has already been adjusted by the tuition benefit provided by the Department of the Military for National Guard members.

IT WAS MOVED by Regent Johnson, seconded by Regent Sutton, to approve the FY16 undergraduate self-support rate of \$250 for Guard and active-duty military personnel at university center locations. All members voted AYE. The MOTION CARRIED.
